

# BUILT UP KIOSK

February 2019

Code Electric now offers pre-assembled, fully wired and certified enclosures. We can assist in the design and quotation for a number of applications; distribution, service entrance, lighting control, pump control, motor control or as a mid-run disconnection point. We offer one offs and are able to take on complete projects. All products use fully listed components and are shipped from factory CSA or ETL listed as an assembly. We can quote from engineered designs or work with you to figure out the best way.
