

Standards and Certifications

Underwriters Laboratories Inc.
<http://www.ul.com>
333 Pfingsten Road
Northbrook, IL, 60062

The Underwriters Laboratories (UL) independently test products in their laboratories to ensure compliance with standards.

Furthermore, UL sends site inspectors to our facilities to check our manufacturing process and to verify proper material specifications.

The performance ratings established by UL are similar to those of CSA and NEMA. See our ratings reference sheet for details.

CSA International
<http://www.csa.ca>
178 Rexdale Boulevard
Etobicoke, ON, M9W 1R3

CSA International (CSA) independently test products in their laboratories to ensure compliance with standards.

site inspectors to our facilities to check our manufacturing process and to verify proper material specifications.

The performance ratings established by CSA are similar to those of UL and NEMA.

See the ratings reference sheet for details.

Furthermore, CSA sends

National Electrical Manufacturer's Association
<http://www.nema.org>
1300 North 17th Street
Rosslyn, VA, 22209, USA

effective, and compatible electrical products.

NEMA does not require independent testing and leaves compliance up to the manufacturer.

The performance ratings established by NEMA are similar to those of UL and CSA. See our ratings reference sheet for details.

NEMA

Nema provides a forum for the standardization of electrical equipment, enabling consumers to select from a range of safe,
